Professional Profile

Software Engineering graduate with hands-on experience building full-stack web applications and Android apps. Strong interest in backend development, with experience in PHP, MySQL, and Node.js. Developed multiple projects involving authentication systems, database design, interactive web applications. Comfortable working across the full development lifecycle, from design to deployment. Seeking a graduate or junior software engineering role.

TECHICAL SKILLS

- Languages: Python, Java, C#, JavaScript, PHP
- Frontend: HTML, CSS, JavaScript, Bootstrap
- Backend: Node.js, PHP
- Databases: MySQL, SQL Server
- Tools: Git, GitHub, Linux, VS Code, Docker

PROJECTS

Auto Park Grid – Interactive Web Tool

GitHub: <https://github.com/bcroman/Auto-Park-Grid>

- Built a grid-based learning tool using HTML CSS, JavaScript
- Implemented dynamic level rendering and validation using JSON data
- Developed client-side logic to manage user interaction and grid state

Stop Sign Runner – Full Stack Web Game

GitHub: <https://github.com/bcroman/Stop-Sign-Runner>

- Developed a full stack browser-based game with user authentication and persistent high scores
- Designed backend logic using PHP and MySQL, including database schema for users and scores
- Implemented logic system and session handling
- Built interactive game functionality using JavaScript, HTML, and CSS

Photo Diary – Android Application

GitHub: https://github.com/bcroman/UHI_PhotoDiary

- Developed an Android app using Kotlin to capture and store geotagged photos
- Designed local database to store metadata including location and timestamps
- Integrated device camera APIs for dynamic image capture

EDUCATION

BSc Computing (Software Engineering)

University of the Highlands and Islands | 2024 – 2026

Modules: Database Systems, Web Programming, Artificial Intelligence, Mobile Application Development

HND Computer Science

University of the Highlands and Islands | 2022 – 2024

Modules: Mobile Technology, Team Project, Cloud Computing, Computer Networking

Scottish Highers

Dingwall Academy | 2017 - 2022

Computer Science (A), Administration (A), Mathematics (B), English (B)

WORK EXPERIENCE

Customer Assistant – Lidl (Part-Time)

February 2024 – Present

- Delivered customer service in a fast-paced retail environment
- Worked collaboratively to meet team performance targets
- Used internal systems for payments and stock management

Restaurant Waiter – Ben Wyvis Hotel (Part-Time)

September 2021 – October 2023

- Provide service in a high-pressure hospitality environment
- Coordinated with team members to ensure effective operations
- Manage multiple tasks while maintaining service quality

ADDITIONAL INFORMATION

- Full UK Driving Licence
- Strong interest in backend development
- Interest in PC Building and software development
